## *New Rooms for Schiller students at the American student residence in Paris*

Living in Paris means living in one of the most beautiful cities in the world. But many students discover that looking for housing in Paris can be a very difficult task. That is why Schiller International University has started a partnership with the Fondation des Etats-Unis, the American student residence at the Cité Internationale Universitaire. We have booked rooms exclusively for Schiller students at the residence so that you don't have to worry about accommodation.

The International University City (Cité Internationale Universitaire) is a genuine college campus in the heart of the Paris, a green haven in the center of a dense urban fabric. You will have the chance to live at an inspiring place that has many different colleges and has a certain Hogwarts feel to it. Students will have the possibility to use the restaurant, the cafeteria, the libraries and sports facilities of the University City, which is located just 15 minutes away from our Paris Campus.
